

# CALLING ALL MEDIA TECH WIZARDS! JOIN ST LIVE RADIO AS ENGINEERS OR IT & TECHNICAL SUPPORT

**Saturday, 28th March, 2022**

We're excited to announce that we're searching for dedicated volunteers to work with us in the realm of media technology. If you have experience in operating radio broadcasting equipment or a keen understanding of technical infrastructure, servers, networks, and streaming platforms, we need your expertise.

Join the ST Live Radio team and play a crucial role in maintaining optimal audio quality, troubleshooting technical issues, and providing support during live broadcasts or remote recording sessions. This is the perfect opportunity for those who love tinkering with technology and have a keen ear for detail.

## Positions Available

### Engineers

Do you have experience in operating radio broadcasting equipment? The role of an engineer involves ensuring optimal audio quality, troubleshooting technical issues, and providing support during live broadcasts or remote recording sessions. If you're an experienced professional or someone looking to expand their technical skills, this role is perfect for you!

### IT & Technical Support

Are you knowledgeable about technical infrastructure, servers, networks, and streaming platforms? Join our team of IT and Technical Support volunteers. You'll play a crucial role in troubleshooting technical issues, maintaining cybersecurity measures and providing technical support to our team. Your expertise will be invaluable in keeping our station running smoothly.

By volunteering in these positions, you will have the chance to:

- Utilize your technical skills and experience in a dynamic and creative environment.
- Gain hands-on experience working with professional radio broadcasting equipment and cutting-edge technology.
- Contribute to the delivery of high-quality audio and technical operations during broadcasts and recordings.

- Collaborate with a team of like-minded individuals who are passionate about radio and technology.
- Make a lasting impact on the success and growth of our station.

## How To Apply

To express your interest or learn more about these roles, please comment below or send us a direct message. Let us know which position(s) you're interested in and any relevant experience you have. We can't wait to hear from you!

You can also contact us directly on our website: [ST LIVE RADIO](#)

For more information about us and our broadcasts, visit our website: [ST LIVE RADIO BROADCASTS](#)

## Spread The Word

Help us spread the word by sharing this post with others who might be interested or have the technical expertise we're looking for. Together, let's build a radio streaming platform powered by technology!

Stay tuned for more updates and exciting opportunities as we continue to grow and evolve. Thank you for considering joining our team. We look forward to welcoming you to the ST Live Radio family!
